DETAILED ACTION

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on June 9, 2000. It is noted, however, that applicant has not filed a certified copy of the 2000-173840 application as required by 35 U.S.C. 119(b).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 8-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 8-10 recite the phrase "mutual fixing" is indefinite and inaccurate. It is not clear what it meant by this phrase; thus, it renders the claims indefinite.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-12 are rejected under 35 U.S.C. 102(b) as anticipated by Kusano et al. (6,099,414). Kusano et al. discloses a method of manufacturing a golf club where its club parts are welded together by laser welding. (Abstract and Col. 4, lines 1-50).

3. Claims 1-12 are rejected under 35 U.S.C. 102(b) as anticipated by Minabe (5,961,394). Minabe discloses a method of manufacturing a golf club where its club parts are welded together by laser welding. (Col. 3, lines 25-37, Col. 3, lines 59-67), and Col. 4, lines 1-14).
